

FAILURE ANALYSIS . ROOT CAUSE . CLEAR SOLUTIONS .

ClearRoot Materials, LLC is a specialized consulting firm providing root cause analysis and expert technical interpretation for polymer, adhesive, and elastomer failures. We help manufacturers determine not just what failed, but why it failed and what to do next.

ABOUT:

ClearRoot Materials, LLC is a specialized consulting firm providing root cause analysis and expert technical interpretation for polymer, adhesive, and elastomer failures. We help manufacturers determine not just what failed, but why it failed and what to do next.

CORE CAPABILITIES

- Failure Analysis & Root Cause Investigations
- Adhesive & Sealant Evaluation
- Material Identification & Unknown Polymer Analysis
- Contamination & Material Forensics
- Chemical Compatibility Assessment
- Material Verification & Comparative Analysis

WHY PARTNER WITH US?

- **Data Interpretation Focus:** We don't just hand you raw lab data; we tell you exactly what it means and how to fix the issue
- **End-to-End Coordination:** We manage advanced analytical testing through our network, saving you from juggling multiple testing vendors.
- **Flexible Engagement Models:** Support ranging from preliminary technical reviews to comprehensive root-cause investigations.

THE FOUNDER:

Matt Bucchino, PhD

Founder & Principal Consultant

PhD Chemist specializing in polymer, adhesive, coating, and elastomer failure analysis, material identification and analytical interpretation.
